I lined up the pockets on my board and using the exacto knife I made slits in the card board in the middle of each hole. Once that was done I started lacing my square pockets onto the board using a plastic needle and yarn. I made sure the yarn was loose enough that I could get my hand to slide into the pocket to feel for the Wocket before I tied it. I used seven laminated Wockets and slid them into pockets randomly.

### **Dr Seuss Activity There's a Wocket in my Pocket**

I cut pockets out of scrapbook paper. (Any paper would work, just make sure it s a different color than the backing paper). Punching the holes took a bit of trial and error. It took me way longer than I want to admit to get this right. Make sure the pocket is close enough to ALL three edges for the hole punch to reach. There have to be an even number of holes for the lacing to line up right.
